Smittybilt	Rugged Rack Basket	NOT COMPATIBLE: Longitudinal steel bars welded over cross tubes prevents mounting kit installation.
SportRack	Vista Roof Basket	NOT COMPATIBLE: Longitudinal floor tube pattern with wide and varied spacing limits mount placement/case selection.
Thule	Trail	NOT COMPATIBLE: This platform rack has longitudinal floor bars, with no T-slots for mounting.
Thule	Canyon XT	NOT COMPATIBLE: Inconsistent floor tube pattern with wide and varied spacing limits mount placement/case selection.
Warrior Products	Platform Rack	NOT COMPATIBLE: 1" square tube steel floor construction. Customer may supply 1/4-20 UNC SQUARE U-bolts and nuts (QTY 8, 16) sized for 1" square tubes to adapt RFMT-002-BLK Mount Kit.
Yakima	OffGrid	Longitudinal floor tubes require cases rotated 90° on rack (case lids will open to front or rear of vehicle). NOTE: Larger cross tubes in center of this rack may limit case selection/position. With above limitations, mounting kit RFMT-002-BLK requires additional RFMTTC-002-BLK kit.

Pelican Cargo Case Roof Mounts can be fitted to many popular platform or tubular basket-style roof racks.

NOTE: A roof rack is REQUIRED for these Pelican Roof Mount Kits.

Pelican Cargo Case Roof Mounts cannot be fitted directly to a vehicle's OEM cross bars.

Pelican Cargo Case Roof Mounts cannot be fitted to mesh-floor roof racks or longitudinal bars.

Roof Racks come in many different sizes. Please confirm that the dimensions of the Pelican Cargo Case you want actually fit on your rack.
